Quartz Group

A dedicated suite of programs providing comprehensive automated case management systems for Local Government.

Quartz Group is our largest family of programs and uses the latest technology. Our developers continue to expand solutions. The browser interface makes this system user-friendly with an intuitive navigation. Its open database design is hardware-independent so Quartz can be run on a desktop, PC, network system, or server which reduces the initial costs associated with switching to a new system. This feature makes maintenance with remote support services a breeze for timely solutions. Service agreements include support and upgrades by our dedicated team.

Integrated Case Management Systems

Updates for 07/30/2020

03/13/2020 Please contact cases@idocket.com to setup remote access to Quartz CMS in the event employees work from home.

02/26/2020 Using Chrome: You will now be able to use Chrome as your browser to view cases. If you have any questions, please call us or send us a support ticket.

01/28/2020 Name Soundex: You will now be able to search for party names using a soundex. This will return results that sound like the name and doesn't require it to be typed exactly as it is in the database. If you experience any issue please contact us. View Example

11/11/2019 New Case Search: You will now be able to do an advanced case search with multiple parameters. This case search will give you the capability of searching with more than one option. View Example

iDocket

Updates for 3/13/2020

05/28/2020 **DPS ticket status:** As of 05/28/2020 DPS services are back up, your system should be receiving new DPS tickets, please contact support if you encounter any issues.

03/20/2020 **New Delinquency Report:** The Delinquency Report has been updated and can now be sorted and searched through. If you search using the keywords 'paidfee' or 'remaining', the report will be filtered whether or not the Delinquency Fee Amount has been paid off or has a remaining balance respectively. Contact us if you have any questions.

03/19/2020 **Working from Home:** If you or your employees need to work from home, please read and fill out the checklist provided here, in order to verify remote access rules will be met and followed. Please send to cases@idocket.com, or contact support if you have any questions.
